GENERAL INFORMATION

The Disaggregation File has been designed to meet the need for a comprehensive, yet easy-to-work-with format suitable for processing on most microcomputer systems.

Basic Features:

✤ All data in a character set compatible with Binary Coded Decimal (BCD) representation. No binary or packed decimal fields. The Disaggregation file is a comma-delimited file.

✤ One record format used throughout.

NOTES:

1. All scores are right justified.
2. File name is of form CSCT.EISIN814.PSQ00.T1GX0R.F00 where "T" is database, "X0R" is the group.
